PLACEMENT TRAINING SESSION

On 8 November 2023, the School of Commerce, Finance & Accountancy at CHRIST (Deemed to be University), Delhi-NCR Campus, orchestrated a dynamic event – a Placement Training Session that unfolded as an insightful guest lecture. This session, titled "Careers in Investment Banking," aimed to equip final-year undergraduate students with essential insights into the intricate world of finance. The distinguished speaker for the occasion was Mr. Maurya Hanspal, an expert in Asset & Wealth Management at JP Morgan & Chase.

Mr. Hanspal, in his capacity as the resource person, delved into the changing paradigms within the investment banking sector. He not only shared valuable insights into career opportunities but also provided practical tips on excelling in interviews. The central theme revolved around the need for students to stay abreast of changes within the industry.

Mr. Hanspal highlighted activities such as capital raising, book building, prospectus drafting, initial public offerings (IPOs), roadshow investment meetings, private placement of capital, mergers, acquisitions, divestitures, corporate restructuring, debt and equity advisory services, bond issuance, pricing on bond markets, and advisory services for hedge funds, mutual funds, and pension funds.

The key takeaways from the session included the importance of updating oneself regarding changes in investment banking and insights into commonly asked interview questions and effective response strategies.

In retrospect, the "Careers in Investment Banking" session proved to be a resounding success, offering a profound understanding of the evolving financial landscape and equipping students with essential tools to navigate their future careers. The School of Commerce, Finance & Accountancy expresses sincere gratitude to Mr. Maurya Hanspal for imparting his extensive knowledge and experience, making the event enriching and informative for all participants.

Brainstorm Your Way Out !

THE ANSWER TO OCTOBER ISSUE'S RIDDLE IS...

"An idea." Ideas can travel and evolve without physical attributes like wings or engines, and they can cover great distances in the form of thoughts or concepts.

SOLVE THIS NOW !!

You walk into a room and see a bed. On the bed, there are two dogs, five cats, a giraffe, six cows, and a goose. There are also three doves flying above the bed. How many legs are on the floor?

Merry Christmas & Happy New Year
