

Report on the organization of Online Webinar on “Impact of Globalization on Higher Education”

Date: 23.05.2020

Time: 02:30 PM to 03:30 PM Via: Google Meet

The webinar organized by the Institute of Management, from the School of Business and Management of CHRIST (Deemed to be University), Delhi-NCR titled, “the impact of globalisation on higher education – learning challenges and opportunities in the pandemic situation” was meant to enable knowledge sharing on the best practices being followed by educational institutions across the globe.

The distinguished speaker for this event Prof (Dr) Stanley Oliver, an Emeritus Professor of Leadership and Employee Engagement at the Northumbria University, UK, shared his thoughts and views in addition to taking up the questions and concerns of the participants. He explained in great length how online learning and teaching was being undertaken and the challenges being faced by some of the best universities with access to the best possible infrastructure. It was an extremely enriching experience for all those who attended.
