

CHRIST (Deemed to be University), Delhi NCR

Centre for Research

Supervisors orientation Activity Report

On May 4, 2023, the Centre for Research organized an orientation program for supervisors. The event commenced with a warm welcome note delivered by Dr. Merlin. Fr. Jossy P George, the Campus Director, then addressed the participants, setting the tone for the session. The session's focus was "Ph.D. Regulations in Christ (Deemed to be) University & Research Ethics." Dr. Surekha C, Head of the School of Humanities and Social Sciences at Christ University Delhi, was the resource person for this session.

Dr. Surekha explained all the necessary rules and regulations for successfully completing a Ph.D., including the requirements and code of conduct for both scholars and supervisors. She emphasized the importance of ethical practices that need to be followed throughout the research process by both scholars and supervisors. Dr. Surekha also discussed in detail the procedure for the allotment of supervisors and the formation of the Research Advisory Committee (RAC), including various important issues related to the functioning of the RAC and mandatory quarterly presentations. Additionally, she addressed various issues related to coursework completion, such as modes of offering coursework, attendance requirements, grades, anti-plagiarism policy, and Ph.D. program content and conduct.

The session was followed by a question and answer session where faculties raised various queries regarding the content of coursework, anti-plagiarism policy, and the role of RAC members. Finally, the session ended with a vote of thanks by Dr. Riya Baby.
