

## **CHRIST (Deemed to be University), Delhi NCR**

### **EVENT REPORT**

<b>Event Name</b>	: HACK GENESIS '24
<b>Date</b>	: 15 - 18 April, 2024
<b>Time</b>	: Full day
<b>Venue</b>	: Online platform
<b>Event Coordinator(s)</b>	: Dr. Varuna Gupta and Prof. Vandana Mehndiratta
<b>Participants</b>	: Students

**HACK GENESIS '24**, organized by the **Technical Club of Sciences(TCS)** at the **School of Sciences**, emerged as a vibrant platform for technical students to showcase their prowess, creativity, and problem-solving abilities. Commencing with **problem statements and pitch deck releases on April 13th, 2024**, the hackathon ignited participants' curiosity and readiness to tackle challenges. **The opening ceremony, broadcast live on YouTube on April 15th, 2024**, marked the beginning of 72 hours of intense creativity and coding. Participants engaged in various activities, including gaming nights, to unwind amidst the rigorous sessions. **Culminating on April 25th, 2024**, with the announcement of final results, the event encapsulated a transformative experience for all involved. With **270 participants** from around the globe and over **400 Applications**, Hack Genesis '24 witnessed a remarkable display of enthusiasm and interest from technical students.

### **Major Key take Away from the event**

- Hack Genesis '24 allows participants to tackle real-world challenges within a limited timeframe, nurturing creativity and innovative problem-solving abilities.
- Engaging in team-based projects fosters collaboration and communication skills as participants leverage each other's strengths and expertise to create innovative solutions.
- Hack Genesis '24 serves as a prime networking platform, enabling participants to connect with industry professionals, mentors, and potential employers, fostering valuable connections for future career opportunities.

### **Feedback Analysis:**

In response to the valuable feedback provided by participants, the organizing committee has decided that Hack Genesis will be organized in the upcoming years to meet the growing student demand and interest. Furthermore, suggestions for incorporating additional interactive elements, such as workshops and talks, have been taken into consideration. These additions aim to provide participants with more opportunities for learning, skill development, and networking.

POSTER

The poster is a dark purple/blue gradient with a glowing, multi-colored cube in the center. It features logos for the School of Sciences Corporate Club, TCS, and CHRIST (Deemed to be University) in Delhi-NCR, India. The event title 'HACK GENESIS '24' is prominently displayed in white, along with the dates '15th - 18th April, 2024' and the Instagram handle '@hackgenesis\_24'. Below the title, statistics are listed: 7 Sponsors, 100+ Colleges, 5 Countries, \$2600 Prize Pool, and 400+ Applications. At the bottom, a row of sponsor logos includes RULOANS, teachnook, INTERVIEW BUDDY, Beeceptor, polygon, Devfolio, and ETHIndia.
