

Artificial Intelligence Transformation Partners

17/8/2020

Greetings,

Subject: Letter with regard to collaboration

Following our successful collaboration, we would like to reiterate our desire to collaborate in the areas of education, training, and research. We hope that our collaboration with CHRIST (Deemed to be University) would focus on topics of mutual interest in the area, fostering and promoting capacity-building, skill development, and cutting-edge research. We commit to actively participate in a variety of seminars, talks, conferences, workshops, training sessions, consulting, and research projects as co-hosts. We also agree to share any documents, publications, or other materials that will benefit both of us.

We are excited to work with CHRIST (Deemed to be University)!

Yours truly,

A handwritten signature in black ink, appearing to read "Shreeram Iyer".

Shreeram Iyer
Director
